

TICKET AGENTS BEGIN TO COME

Vanguard of Delegates Received by Local Railroad Men.

CONVENTION OPENS TODAY

SALT LAKE ROUTE ISSUES NEW ADVERTISING MATTER.

The vanguard of the delegates to the convention of the International Association of Ticket Agents reached Salt Lake yesterday. They began to come in the forenoon, and each succeeding train over the Rio Grande brought more. The balance is expected on train No. 5 at 9:45 a. m. today.

Among the arrivals yesterday were W. F. Hambricht of Lancaster, Pa., vice president of the association, and C. G. Cadwallader, the secretary. Mr. Cadwallader is agent of the Pennsylvania road at the Broad street station, Philadelphia, one of the most important ticket offices in the world. He has under his thirty-four men, who are kept busy selling tickets and taking in the cash.

A delegation of local passenger men went down the line to meet the visitors coming in train No. 3 last night. The reception committee included General Agent R. F. Neslen and City Passenger Agent Ben Davis of the Burlington, City Passenger Agent H. M. Cushing of the Rio Grande, Traveling Passenger Agent Ernest Drake of the Rock Island, City Passenger Agent J. H. Douglas of the Oregon Short Line, and Traveling Passenger Agent W. C. Shoemaker of the Colorado & Southern.

Reception of Delegates. The delegation arriving this forenoon will be met by a reception committee,

JAMES PITT HAD CHICKENPOX, GOES TO ISOLATION HOSPITAL AND GETS SMALLPOX

James Pitt, an employee of the Z. C. M. I., was taken sick several weeks ago with an eruption and sent to the post hospital, supposedly suffering from smallpox. After remaining in the hospital for sixteen days, he was discharged as cured. Now he is back in the post hospital with a genuine case of smallpox. It developed that the first attack was one of chickenpox. Through a mistaken diagnosis the patient now has to undergo the tortures of smallpox.

Pitt was taken sick early in August, and a rash appeared on his body. The disease was diagnosed by the attending physician and a report was sent to the board of health announcing that Pitt had the smallpox. After a course of treatment, he was removed to the isolation hospital at once and remained there until Aug. 28. The pustules appeared on his face and arms as the type of smallpox that is prevalent here, and the mistake in the diagnosis was not discovered then.

Pitt got well and was released from the hospital at the time the patients were removed to the new one. He had been out but a short time when he was taken sick again, and the case was reported to the board of health as one of typhoid fever. On the patient had been sick for a day or so, but the board of health had a genuine case of smallpox. The case was then reported as such and the man was again sent to the isolation hospital.

The mistake in diagnosing the first attack is the cause of the young man contracting the genuine disease, because of his confinement in the isolation hospital. The board of health is of the opinion that he certainly should be an immune when he gets through with his two stages in the institution on the north bench.

with beautiful flowers. Rev. P. A. Simpson of the Phillips Congregational church delivered a touching and eloquent address in which he eulogized the character of the deceased. A solo was sung by Mrs. S. S. Plummer. The service was conducted by the Order of Eastern Star.

Miss Carrie Keate and Mr. John McLenan Married. A very pretty home wedding of last evening was that of Miss Carrie Keate and Mr. John McLenan. The ceremony was performed by Rev. C. E. Perkins of St. Paul's church at 8 o'clock, and was witnessed by about fifty of the friends of the bride and groom. At the house of 4 o'clock the bride descended the stairs and entered the inner parlor, where stood the groom and the clergyman awaiting them. The bride was preceded by her maid of honor, Miss Edith Keate, and the bridesmaids, Misses Pearl Durnell, Myrtle Kelly, Ethel Macdonald, Margaret Ligan and Jennie Keate.

As the party passed into the room an orchestra stationed in the alcove played a bridal chorus from Lohengrin and as the service proceeded the soft strains of Mendelssohn's "Andante" were heard. At the conclusion of the ceremony the Mendelssohn wedding march was played and the friends of the young people came forward to offer their good wishes.

The home was prettily decorated, the color scheme being carried out in pink and white. The bride's party stood beneath a canopy of white and pink flowers and immediately before a mantel barked with the same flowers. Sprays of woodbine formed archways over the doors and the same artistic trimming decorated all the rooms. In the dining room a round table was decked in the same colors and a screen of palms separated the orchestra from the guests. Outdoors rugs and divans formed a delightful retreat for those who wished, and within cosy corners were arranged for the guests. Assistance with the wedding cake were Misses Irma Lake, Catherine Johnson and Jean Clifton, and punch was served by Miss Margaret Johnson.

The bride wore a dainty gown of cream white crepe de chine, with a yoke of embroidered chiffon and a bertha of applique embroidery. With this she carried a shower bouquet of white gladioli. The attendants were all gowned in white and carried white bouquets.

Mr. and Mrs. McLenan will make their home in Des Moines, leaving here early in the coming week. They will be at home after Sept. 20. The bride is so well known here that a host of friends will follow her with their thoughts and good wishes, and the groom has already made a number of warm friends among Salt Lake residents.

PROVINO NEWS NOTES. Provo, Sept. 10.—William Handley, aged 22, and Bertha Griffin, aged 18, both of Salt Lake, have received a marriage license.

D. G. Calder and family are down from Salt Lake visiting friends. Sheriff Harrison went to Lehi today on official business.

R. R. Irvine has returned from a two week trip to California. Arthur Truelsen was called to Salt Lake today by the death of his father, Charles De Moley, who was from Salt Lake today on legal business.

Mr. H. Hardy and daughter, Miss Vera, have returned from New York. Miss Hardy's health is improving rapidly. Mr. Hardy is confined to his home from an attack of constipation of the stomach. His condition is improving and it is expected he will be out again in a few days.

A daughter has been born to Mr. and Mrs. George A. Egan, all well.

DYNAMITE OUTRAGE. Berne, Ind., Sept. 10.—The home of Fred Rohrer, editor of the Berne News, was entirely destroyed by dynamite early today. The family was extricated from the ruins with slight injuries. Rohrer's paper leads the opposition to licensing saloons.

GRASSHOPPER PLAGUE. Santa Fe, N. M., Sept. 10.—Grasshoppers have destroyed the crops of the Pueris Indians in Taos county, and the government will have to help them over the winter and supply them with seed grain next spring.

MURDERER HANGED. Charlotte, N. C., Sept. 10.—Wilfred Roseboro, a negro, was executed at Stateville, N. C., for killing Mrs. Adolph Beavers some weeks ago.

WORK OF BURGARS.—Burgars broke into the Salt Lake Brewing company's saloon at Eleventh East and Twelfth South street some time yesterday morning and robbed the slot machines of about \$25 in nickels. The burgars broke in through a rear window. They tried open the cash drawer, but found nothing there, so they broke up the slot machines and took the nickels that were in them. After that the burgars helped themselves to a lot of cigars and departed. The sheriff's office was notified and Deputy Sheriff was detailed to investigate the matter.

FUNERAL OF MISS CHAPMAN.—Funeral services over the remains of the late Miss Anna E. Chapman were held at the residence of her brother, St. East Seventh South street, yesterday afternoon at 4 o'clock. The services were largely attended and were very impressive. The casket was carried by a number of young men with handsome lake drapings and covered with flowers.

which will see that these guests also are properly taken care of. A meeting of local passenger men was held yesterday forenoon in the office of General Passenger Agent D. E. Burley of the Oregon Short Line, and steps taken for the entertainment of the delegates. According to present plans, the convention will be called to order in the Assembly hall at 11 a. m. today. It is expected that the attendance will be about 250. There will be welcoming addresses by Governor H. M. Wells, Judge W. H. King, Apostle John Henry Smith and Fisher Harris. The business sessions of the convention will be brief, leaving ample time today, tomorrow and Sunday for the guests to hear the Tabernacle organ, see the points of interest about the city, visit the various resorts and partake if the other forms of entertainment furnished.

The ticket agents will leave Sunday evening over the Oregon Short Line for a trip to Portland, probably returning by way of San Francisco.

ADVERTISING THE ROAD. Pamphlet Has Been Issued by the Salt Lake Route.

The Salt Lake route has just issued a new pamphlet entitled "San Pedro to Rio de Janeiro." The booklet gives information about San Pedro harbor, Los Angeles, and the Southern California resorts reached by the portion of the road already constructed. This interesting bit of information is contained in "Upon the completion of this road Los Angeles will be nearer than San Francisco to Salt Lake City by 137 miles, Denver by 211 miles, Omaha by 283 miles, Kansas City 313 miles, St. Louis 403 miles, Chicago 552 miles, and it will bring Salt Lake City 600 miles nearer to Los Angeles, of Latter-day travel, in time." The pamphlet is entertainingly written and handsomely illustrated.

Railroad Notes. General Attorney C. O. Whittemore of the Salt Lake route has returned from a trip to Nevada.

Another party of engineers in the employ of the Salt Lake route will start out from Caliente in a day or two.

Traveling Passenger Agent Moore of the Salt Lake route left last evening for Iowa to bring his family to Salt Lake.

RECEIPTS OF DELEGATES. The delegation arriving this forenoon will be met by a reception committee,

SALT LAKE MUNICIPAL OWNERSHIP

Socialist Party Will Make Move to Secure Water and Electric Light Plant.

(Special to The Herald.) Park City, Sept. 10.—The Socialist party held the first session of its city convention and after a lengthy discussion by the various members on the different subjects (Political, economic, etc.), they decided to investigate the possibility of buying the waterworks and the electric light plant of the city. Then they proceeded to nominate about thirty of the members of the club for the city offices. The nominations are to be referred to a referendum, who will pick out the ticket and prepare the platform on which the campaign is to be conducted.

PASSING OF A PIONEER. Richard Hall, Sr., Dies at Mantle After a Brief Illness.

Mantle, Sept. 10.—Tuesday night, shortly after 11 o'clock, Richard Hall, Sr., one of the old veterans of these valleys, went to his rest. He was born in Yorkshire, England, near Wakefield, on the 18th day of August, 1817. For a number of years he followed the profession of stone-cutting, which trade he continued for a number of years in his native land. Ann Boardman, his first wife, died in 1840, leaving him three sons, John Hall, Jr., and Richard Hall, Jr., the former living in this city and the latter in the west. Richard Hall, Sr., was an earnest worker in the Church of Jesus Christ of Latter-day Saints, and was a member of the same for many years. He was a very kind and generous man, and was much loved by his family and friends. He died at his home in Mantle, Utah, at the age of 86 years.

LEHI SUGAR FACTORY

One Hundred Thousand Tons is Estimated as This Year's Output.

(Special to The Herald.) Lehi, Sept. 9.—Your correspondent was shown through the Utah sugar factory at Lehi today by Superintendent Austin. It is now in first-class condition for what promises to be the biggest and most successful campaign in its history. The superintendent says that the factory will be able to handle 100,000 tons of sugar this year. The factory is located on the Lehi river, and the sugar beets are raised in the surrounding country. The factory is a large building, and the machinery is of the latest type. The sugar is refined and then packed in barrels for export.
